2016 Training Courses & Evaluations

- Currently reviewing 2016 evaluation data
 - Big focus is on overall issues, problems, concerns
 - Decision to continue or discontinue PSA Integrated course type
 - Adds complexity to planning/management
 - Want to make sure it works for both growers and trainers
 - Make adjustments to delivery and content for Version 2.0
 - If you ‘see something, say something’ approach to edits
 - Making adjustments to evaluation for 2017
 - Adding additional focus on trainer evaluation
 - Modifying language to clarify questions
 - Request for additional support materials

In Development:

PSA Supplemental Training Materials

- GM/STV Long Hand Calculation Worksheet
- Exemptions & Exclusions PPT Slide Set
- Postharvest Sanitizers Database
- ‘Am I a farm?’ activity (To distinguish between farms and packing facilities)
- List of FSMA Produce Safety Rule required records
- Training checklists
- Will be available on the PSA website, once completed:
<http://producesafetyalliance.cornell.edu/resources>

2016 Training Courses & Evaluations

- **Some feedback received (not quantified):**
 - Manuals are extremely useful and well designed
 - Attendees appreciated extra attention and resources to navigate FSMA vs. GAPs
 - Lack of guidance and slow TAN responses are still an issue
 - Materials are very content rich
 - Many trainers have suggested they will offer two day grower trainings
 - Many interested in becoming Lead Trainers
 - Process is underway, but has taken longer than anticipated
 - Rubric development challenging
 - Reviewing the process as we go to assure it is working fairly

Recap: PSA Lead Trainer Process
