This organization chart displays the names of USDA offices, agencies, and mission areas. Each office, agency, and mission area is placed within a cell connected by lines to show the structure and hierarchy (Under Secretary, Deputy Secretary, or Secretary) for which they fall under. An HTML version that lists USDA Agencies and Offices and USDA Mission Areas is also available on the.gov.

The Secretary's Memorandum 1026-031 was signed August 12, 2019, effectuating a change to Rural Development.
Specialty Crops Inspection Division

Specialty Crops Inspection Division (SCI)

• Provides quality assurance and food safety verification services to entire specialty crop industry

• Established in 2012 by merging previously separate fresh and processed fruit and vegetable inspection divisions

• Organizationally, part of the Agricultural Marketing Service’s Specialty Crops Program, which helps provide for competitive, efficient, and transparent marketing of all specialty crops

• 97% of SCI funding from user fees
  – 3% appropriated by Congress for U.S. standards development
Mission

To support the global specialty crops market by collaborating with the agricultural community to provide trusted, impartial, prompt, and accurate quality assurance and food safety verification services.
SCI facilitates the efficient, fair marketing of America’s fresh, frozen, and processed fruits, vegetables, and other specialty crops by providing:

- Grading, inspection, and certification services
- Voluntary, audit-based services to verify good agricultural and manufacturing practices, HACCP, traceability, food defense, and export certification
- U.S. grade standards and related guidance, and Commercial Item Descriptions for all commodities
- QMP (Quality Monitoring Program)
  - Inspections based on Customer Specifications
Delivering to Our Stakeholders

Each year SCI:

• Inspects and certifies billions of pounds of fresh and processed fruits, vegetables, and related products
• Inspects $500 million of fresh and processed products for the AMS commodity procurement program
• Ensures the quality of military rations
• Conducts more than 4,000 food safety verification audits
• Issues more than 12,000 export certificates
• Offers U.S. standards to facilitate marketing
• Reviews 1,700 Child Nutrition Labels
• Trains more than 2,000 Federal, State, and industry participants
Our Stakeholders

- AMS FSIS
- FNS FSA
- FDA DoD
- NMFS
- AMS Managers and Employees
- USDA and Federal Agencies
- Specialty Crops Industry
- State Departments of Agriculture
- Specialty Crops Inspection Division
- International Organizations
- GFSI Codex UNECE USAID
SCI’s Workforce

• 700+ full-time, part-time, permanent, intermittent and mixed-tour employees
• 3,800 State cooperators
• 42 field locations
• Headquarters in Washington, DC
There's an SCI Office Near You
